

# SRM80-Bar™ TRM80-Bar™

Designed specifically for the CC80-Series internal-mount end block and the CM80-Series external-mount end block, the SRM80-Bar™ and TRM80-Bar™ are for use with an 80 mm ID target tube.

Their narrow deposition profile minimizes coating loss to shields.

SRM80-Bar™ Magnetics

TRM80-Bar™ Magnetics

## TECHNICAL SPECIFICATIONS

- Maximum Target Diameter** ▶ 115 mm
- Sputter Angle** ▶ 28° (SRM80-Bar™)  
19° (TRM80-Bar™)
- Application** ▶ 80 mm ID targets, acceptable with most materials
